To calculate the average inventory add the highest and lowest month inventory amount together and divide that total by two. In the initial year of operation use the amount of beginning inventory.

To calculate the business license fee calculate your average inventory and subtract \$25,000.00 then multiply the remaining amount of inventory by 0.1 percent. An alternative calculation is **\$1.00 for each \$1,000.00** of inventory or part of \$1,000.00. There is a base fee of \$100.00 in addition to the variable fee on inventory.
